THE GEORGE MASON UNIVERSITY TALENT ACQUISITION TOOLKIT
A guide to the search and onboarding process
The Job Search and Onboarding Process Matters

On behalf of Human Resources and Payroll, I would like to share a hiring toolkit produced by our Talent Acquisition Team.

The Talent Acquisition Team developed this toolkit as a way to combine institutional, state and federal recruitment and hiring guidelines as a way to provide clarity, structure and resources for advertising, hiring and onboarding new faculty and staff in one place. This toolkit will guide HR liaisons, search committee participants and hiring officials through the hiring process to help find and select the ideal candidates for Mason.

Mason’s location and proximity to the District of Columbia place us directly in one the most competitive job markets in the world. How well we conduct the search process will directly impact our opportunities and determine who chooses to begin or continue their career at Mason.

Please spend time reviewing this hiring toolkit and use it to strengthen your skills and commitment in hiring the best and brightest talent!

A great university is a great place to work.
It is important to hire the most qualified people you can find. Seek out individuals who are talented, above and beyond their skill set. Training can enhance an individual's skills, but talent cannot be taught. Take a moment to familiarize yourself with the various stages of the search process as a means to obtain top-tier talent.
Search Overview

It’s equally as important to consider the search from a broader perspective before getting started.

**Before the Search**
- Establish charge and discuss confidentiality
- Participate in **Search Committee Training**
- Consider **Advertising Options** and review **Posting Guidelines**
- Review hiring processes: Faculty, Staff, and Wage

**During the Search**
- Upload interview questions (prior to the first interview)
- Interview viable candidates (Phone, In-person, Skype, etc)
- Recommend top candidate(s) to hiring authority
- Final interview

**After the Search**
- Reference Checks and Select Finalist
- Submit Offer / Job Offer and Welcome / Offer Letter
- Update eWork
- Submit recruitment notes
- On-boarding
BEFORE THE SEARCH, determine the opportunities that exist within your department/unit and review job descriptions to ensure they are accurate and up-to-date prior to posting the position. Consider including at least four to six characteristics the successful candidate for the position should possess.

When reviewing a job description, consider the following:

- What is the position's purpose and overall contribution to Mason?
- What are the essential and marginal functions of the position?

Also, consider identifying or describing the physical elements required for the position, equipment use and working conditions.

- Does the position require supervisory skills? If so, how many will report to this position?
- What education and/or experience are needed to successfully accomplish the essential functions of the job?
- How might military experience equate?
- What licenses or certifications, if any, are required?

Tip: We encourage job descriptions be reviewed annually to ensure they are accurate and true to Mason’s mission. For example, veteran candidates, who understand how their skills and experience can translate to the civilian workforce, are more likely to apply to our opportunities. In this spirit, please work with the Workforce Development Team regarding position creation, modification, and review prior to posting.

Setting the Charge & Maintaining Confidentiality

Language for Ads and Announcements (Click to return to top of the toolkit)
Advertisements and job announcements make a difference in who applies for our positions. The language and appearance of our ads should be considered as carefully as the job description itself. For training on crafting the perfect advertisement, please contact the Talent Acquisition team jobs@gmu.edu. Also visit Posting Guidelines.

**Tip:** When using external ads, consider using a teaser ad to draw applicants back to the official posting on jobs.gmu.edu

**Note:** When appropriate, faculty positions should be advertised nationally. Electronic postings outside of The Chronicle of Higher Education are excellent supplements, but are not considered as a substitute for ads in national print journals.
Embrace diversity
**SCREENING** [Click to return to top of the toolkit]

**DURING THE SEARCH**, it is crucial that the committee review each online application as well as the supplemental materials for that particular search. If candidates have not met the posting criteria or fail to attach the required materials, the committee reserves the right to not consider the applicant. This method must be applied to all applicants consistently.

**Determining Viable Candidates**
The search committee will screen candidates objectively using a matrix based on the required and preferred qualifications listed in the job announcement.

Sample Matrix 1
Sample Matrix 2

**Tip:** Creating a system for reviewing applications and resumes will help you improve your chances of including the most relevant candidates in your interview pool, including uncovering some hidden gems. See [Search Schedule Sample](#).

Once the search committee has selected candidates who meet the minimum requirements, determine if preference to those who are state layoff employees or veterans is applicable.

A member from the search must review the Applicant List report to determine if a Layoff or Veteran Candidate is in the applicant pool. Contact Human Resources and Payroll if you have any questions regarding the review and consideration of such.

- Punctual and responsive

- Poised and confident

**Top EMPLOYEE Characteristics**

STATE LAYOFF EMPLOYEES EXPLANATION: Classified Staff Only

**Yellow Card**

**Issued prior to individual being laid off**

The candidate will be given preference for other classified vacancies in state agencies that are in the same or lower Pay Band as their current positions for which they are minimally qualified as determined by the hiring matrix.

If they are minimally qualified, then the candidate is given preference over any external applicant who applies for the position, not including wage employees. If they are deemed not minimally qualified, then a justification must be crafted as to why and sent to Human Resources and Payroll.

**Blue Card**

**Issued to individuals a day before actual layoff date prior to going on LWOP-layoff**

The candidate is given preference to classified vacancies in other state agencies that are in the same role as their former position and for which they are minimally qualified as determined by the hiring matrix.

If they are minimally qualified, then the candidate receives preference over any applicant. If they are deemed not minimally qualified, then a justification must be crafted as to why. The justification should then be sent to Human Resources and Payroll.

**Tip:** Please contact the [Workforce Development Team](mailto:workforce-development-team@yourorganization.com) if you have any questions.
Updating Applicant Statuses
Candidates who are no longer being considered should have a status of “Not Hired” at which point a Reason for Non Selection should be selected. As mentioned, these status changes should happen prior to moving forward with an offer. Applicant statuses should be updated as the search progresses especially for applicants that were interviewed in-person.

Language for Setting Up the Interview and Sample E-Mails

Interviewing Questions — Know What You Can and Cannot Ask During an Interview
It is required that committee members ask the same initial questions of all candidates, without exception. Follow up questions are permissible. Please also refer to our Search Committee Training. Interview questions must be written prior to the commencement of the interview process.

Interviewing Questions - Diversity Focus
Interviewing Questions - Staff
Interview Questions - Faculty
Interviewing Questions - General

First- and second-round interview questions must be uploaded using the online applicant tracking system, eWork. The method of interviewing must be consistent for each applicant. Each candidate must be afforded the same opportunity to interview. Search committees should consider alternate methods of interviewing (phone, Skype, video, etc.).

Oral Interview Evaluation Form Continuation Sheet
Evaluation Form

INTERVIEWING VETERANS
Interviewing a veteran or wounded warrior is no different than interviewing any other candidate. Questions relevant to experience or training received while in the military, or to determine eligibility for any veteran's preference required by law, are acceptable. However, some questions to avoid include:

- "I notice that you're in the National Guard...are you going to be called up for duty anytime soon?"  It is unlawful to discriminate against someone because of membership in the National Guard or Reserves, a state defense force, or another state or federal reserve unit.
INTERVIEWING LAYOFF EMPLOYEES: Classified Staff Only

State Classified Layoff Employees Explanation

**Yellow Card**

Issued Prior to Individual Being Laid Off

If they are minimally qualified, **then** the candidate is given preference over any external applicant who applies for the position, not including wage employees. **If** they are deemed not minimally qualified, **then** a justification must be crafted as to why and sent to Human Resources & Payroll. **An interview is not required.**

**Blue Card**

Issued to Individuals a Day Before Actual Layoff Date Prior to Going on LWOP-Layoff

If they are minimally qualified, **then** the candidate receives preference over any applicant of the agency. **At this point the individual must be interviewed. If after the interview** they are deemed not minimally qualified, **then** a justification must be crafted as to why. The justification should then be sent to Human Resources and Payroll.

**Interviewed – Not Selected**

Applicants that were interviewed in-person but not selected should be contacted by the hiring department once the offer has been accepted. **The hiring department must update all remaining candidates using the Reasons for Not Selecting.** Materials for all applicants who were interviewed, but not selected, must be included with the packet sent to HR.

**Finalists**

The final interviews should be conducted in-person and are usually hosted by the Hiring Authority. The desired candidate for the position should have a status of “Finalist” prior to sending proposed offers to Human Resources and Payroll.

**Reference Checks**

Reference checks must be completed prior to moving forward with recommendations for an offer. Departments should use the reference check form when completing reference checks. Three reference checks are required prior to a job offer being extended. Completed reference checks should be maintained in the recruitment file.

Reference Check Form – General
Reference Check Form – Advanced
AFTER THE SEARCH, create the Hiring Proposal in eWork. For classified positions, departments must notify Human Resources & Payroll of the selected candidate using the online system and send paper copies of the screening matrix, interview notes, and reference checks to Human Resources & Payroll. All search materials should be sent to Human Resources and Payroll, MS 3C3; ATTN: Talent Acquisition.

Finalizing the Hiring Process – New Employee Welcome Center

When meetings with a candidate extend through a meal time, Mason may reimburse the host, usually the search committee chair, for the cost of a business meal in accordance with University Policy 2102, Food and Beverage Expenditures. The business meal will include the candidate, search committee chair, and a limited number of search committee members. It is not appropriate for the entire search committee to join the candidate for a business meal. A completed Food and Beverage Authorization should be signed by the approving official for the fund or org and the appropriate senior approving official before the scheduled meal.

For reimbursement, the host should submit an original itemized receipt and a list of the names and organization affiliations of all attendees with the properly signed Food and Beverage Authorization. Mason will not reimburse for alcoholic beverages; other food and beverage regulations, including maximum per person amounts, are applicable and detailed in the Food and Beverage Procedures.
