**2017 Performance Evaluation Information**

The memorandum below was sent out to President’s Council earlier this week regarding the 2017 performance evaluation process. For your information and review.

**MEMORANDUM**

TO: President’s Council  
 FROM: Linda Harber, Vice President, Human Resources, Payroll and Faculty/Staff Life  
 SUBJECT: 2017 Performance Evaluations  
 DATE: September 18, 2017

This memorandum is to provide an outline for the 2017 performance evaluation cycle. We are thrilled the recent pay increase was a success. Although we just completed evaluations for some newly hired faculty and staff, the increase was received based on the 2016 evaluation cycle. It is now time to turn our attention to the 2017 performance evaluation cycle! Please reach out to me at 993-2602 if you have any questions or concerns.

**Who is being evaluated?**

Faculty and staff hired prior to July 25, 2017 will be evaluated for the current 2017 performance year.

**Why is performance evaluation important?**

Performance feedback is important year round, both positive and developmental. Performance evaluations:

- help to memorialize results for the past year and help to determine goals for the next,
- can add to faculty and staff motivation and engagement by taking time to reflect on successes, and
- can be an opportunity to discuss employee strengths, new approaches, and performance expectations.

**How are performance evaluations completed?**

**Instructional Faculty**

Academic Units will receive information from their Dean/Director regarding the evaluation process, procedures and deadlines in accordance with the Faculty Handbook.
