Introduction

Human Resources and Payroll will begin utilizing Dynamic Forms, a web-based interface that allows departments to submit forms through an online workflow, for certain Human Resources maintained forms. Dynamic Forms will give departments the flexibility to submit forms online, track the status of forms in the workflow, and retrieve and save HTML and PDF versions of forms.

While Dynamic Forms will keep a history of forms received, limited space capacity and changes to forms and processes limits the ability for forms to be retained indefinitely. Therefore, departments still must maintain a copy of forms within their department's personnel files.

Forms can be accessed through a direct link provided to departments or at [Human Resources and Payroll Forms](#).

To track or view draft/submitted forms, users can log in to [Dynamic Forms Home](#).

Unit Approvers

Unit approvers must be set-up prior to being able to approve forms that are submitted to them. If approvers wish to be added 1) Login-in with your Patriot Pass Username/password at this [link](#), then 2) Email mkirk4@gmu.edu with the unit you wish to approve for so that you can be added as an approver and this document can be updated. Form submitters do NOT need to be set-up in order to submit forms.

Submitting a Form

Forms are accessible via the HR website. Upon clicking a form that utilizes the Dynamic Forms workflow, submitters will be asked to log-in with their Patriot pass username and password.

1. Once logged in, click "Complete This Form."

Welcome to Dynamic Forms

Let's get started, Megan R.

The Faculty Separation Form form needs to be completed.

 [Complete This Form](#)

You can check back here anytime to view your [Pending / Draft Forms](#) and review your completed [Forms History](#).

Thank you for using Dynamic Forms!

2. Enter the appropriate **UNIT APPROVERS**
3. Complete form and click "Next"
4. Electronically sign the form as your name appears
5. Click "Sign Electronically" to submit the form. You should receive a confirmation message and email to confirm that your form has been submitted.

Thank you! Your form has been submitted.

6. You can now review the PDF version of your form and **TRACKING A FORM**.

Workflow

Once a form is submitted, it will be automatically moved along in a workflow.

Additional Approvals

If a unit wishes to require additional signatures internally, such as department heads, the submitter has the option to “Save Progress” instead of clicking “Next” to submit the form. Once they have saved the form, they may wish to log into their “Pending/Draft Forms” to print the HTML version of the form and have others sign before officially submitting. However, submitters must remember to log back in and submit the form!

1. Complete form and “Save Progress”

Your form has been saved as a draft. If you need to stop working on this form and continue it later, you may find the form in the pending / drafts section under "My Forms"

3. Log back into the Dynamic Forms [Home Page](#)
4. Review Pending/Draft Forms
5. Select the HTML version of the form you wish to print
6. Obtain additional signatures (you may wish to upload it to the form)

7. Log back in and submit!

Tracking a Form

Pending/Draft Forms

The **submitter** will receive a confirmation email when 1) they have submitted a form and 2) when all required signatures have been collected and the form reaches Human Resources for final review and processing.

The **unit approver** will receive an email to review and approve the form once it is submitted.

Submitters and **approvers** will be able to log into Dynamic Forms and review the status of forms. Unfortunately, the Form Name is the only identifying information from the “Pending/Draft Forms” view. Therefore, it is highly encouraged to maintain all confirmation emails so that you may use the email timestamp to keep track of the forms. Of course, you can always sort through the forms by clicking the PDF or HTML for the full details, but ain’t nobody got time for that.

The following form has been submitted for approval:

Forms History

Once a form has reached HR for final processing, the form can be viewed in “Forms History” as opposed to “Pending/Draft Forms.” While Dynamic Forms will keep a history of forms received, limited space capacity and changes to forms and processes limits the ability for forms to be retained indefinitely. Therefore, departments still must maintain a copy of forms within their department’s personnel files.
