**BASIC PROVISIONS**

**Pay During Emergency/Disaster Leave**

An employee shall continue to receive his or her normal salary for up to 80 hours while using approved Emergency/Disaster leave under this policy.

The Commonwealth will **not** pay for expenses related to providing emergency service, such as travel, food, or lodging.

**Requesting Emergency/Disaster Leave**

Employees must request Emergency/Disaster Leave in accordance with procedures established by their agencies. Agency heads or their designees have sole discretion to approve requests for paid leave in the emergency or disaster situations described in this policy.

**Leave to Provide Emergency Services**

Employers may approve an employee’s request to use up to two weeks (80 hours) of paid leave annually to provide emergency services in compliance with the criteria of this policy.

Employees asked by emergency/relief service authorities to extend their service beyond 80 hours for the same event may request approval from their agencies to use appropriate accrued leave or leave without pay. Approval is at the discretion of the agency head or designee.

**NOTE:** If supplying emergency service is within an employee’s normal job duties, the employee shall serve in the manner
directed by his or her agency. The time will be treated as normal hours of work and will not be considered Emergency/Disaster Leave under this policy.

Qualifying Events

Employees may be granted leave to provide emergency services if all of the following criteria are met:

- The area is covered by an official declaration of major disaster by the President of the United States, or a declaration of a State of Emergency by the Governor of Virginia or the governor of another state.
- Public officials at the site of the disaster have requested the assistance of individuals with specialized skills or training.
- The employees possess the required specialized skills or training requested by the authorities.
- Employees present written requests to provide emergency services and obtain approval prior to using leave under this policy.

Leave for Victims of Disaster

Leave may be available under this policy to an employee who has sustained severe or catastrophic damage to or loss of his or her primary personal residence, or has been ordered to evacuate that residence, as a result of a natural or man-made emergency or disaster.

Agency heads have sole discretion for authorizing up to 80 hours of leave annually under this policy for employees who meet all criteria shown below:

- The event resulted in a formal declaration of a State of Emergency or of federal disaster status.
- The employee’s home was located in the officially declared disaster area.
- Formal documentation from recognized disaster relief organizations or insurance companies verifies severe, extreme, or catastrophic damage to or loss of personal property as a result of the declared emergency in which the damage or required evacuation rendered the employee’s home temporarily or permanently uninhabitable.

The Commonwealth will not pay for expenses incurred by the employee in recovering from the personal effects of a disaster.
AGENCY RESPONSIBILITIES

Agencies should establish an internal process for employees to submit requests and for the agency to evaluate employee eligibility for leave under this policy.

Emergency/Disaster Leave to provide emergency service shall be granted at the discretion of the requesting employee’s agency head or designee. In evaluating such requests, agency heads should consider the need for the employee to provide the specified assistance and the expected impact of the employee’s absence on the agency’s ability to fulfill its mission.

Agencies are responsible for ensuring that they have the required documentation before awarding paid leave. For leave to provide emergency services, this includes:

- confirmation of the declaration of disaster by the President of the United States, Governor of Virginia, or governor of another state;
- verification of the request for assistance by the appropriate officials; and
- corroboration that the employee possesses the relevant specialized skills or training.

For leave for victims of disaster, this includes:

- confirmation of the declaration of a State of Emergency or federal disaster status;
- documentation that the employee’s primary residence is in the official disaster area
- verification as cited above of catastrophic damage to or loss of the residence, or requirement to evacuate the residence.

When an employee who is the victim of catastrophic damage to or loss of his or her primary residence, or who has been ordered to evacuate that residence, requests leave under this policy, the agency must obtain verification that the criteria described above (Leave for Victims of Disaster) have been met.

EMPLOYEE RESPONSIBILITIES

Employees are responsible for requesting leave as required by their agency procedure, and for providing the required documentation or verification as listed above.
