Search for Playlists

1. Employees have access to create and follow playlists for online training. For quick access to playlists, use the **Global Search** bar to search the catalog for playlists.

2. Select a playlist and hit **Follow** to add to your list of followed playlists. *Please note the option to share playlist links does not work, due to security settings.*
Manage Playlists

1. Select **Playlists** to view and manage your followed playlists. *Note: You can also create your own playlists.*

2. Select **Search Catalog** to search for playlists and then select **Follow** to add the playlist to your list.
3. Track your followed playlists and let the learning begin!
